
BRAD SCHAEFER'S INDIAN-HEAD PENNY--MEGA-META 1

RED ALERT! We've learned that the attacks on the four previous locations were false flags—the mysterious villains were after one relic in particular, and they've taken it to their secret lair! There's only one way to make "cents" of this: we have to tap into the power of the Penny. It's produced four grids for you to study; by combining those grids with the meta answers, you should be able to figure out the location of the bad guys' hideout—when you have it, come back and report it to us. Good luck!
