
LUCY STONE'S BALLOT

These days, heads of state are moving to Bluesky, which only allows mild swearing, in unprecedented numbers.

**CountryDaddy**
@CountryDaddy

[@stelsewherestan](#) No, I've never coached...what did you call it, "football?" And definitely not for Greek creatures. As to the other point--I suppose I did train people in the army, but it took much longer than 24 hours. [#noparties](#) [#generallyspeaking](#)

[@dothehustle](#) My dear sir, not only am I not a princess, but I do not believe "Andalasia" is a country. I can further assure you that *all* of my facial features are a perfectly normal size. Thank you. [#donttellmetositdown](#) [#bostonbabyyyy](#)

[@sidepieceseeker](#) How DARE you sully this account by asking about affairs! I am a happily married man! If you weren't in Canada I'd prosecute you, but you clearly thrive on publicity, so I shall leave with this: good DAY, madame! [#indefinitearticles](#) [#callthefeds](#)

[@wheresmysupersuit](#) I appreciate your strong language, friend, but while I love reptiles, I've no idea how they would fit on a level surface. And I do have plenty of initiatives planned, but none of them are about vengeance. [#giveittoharriet](#) [#nolaforever](#)

[@solemnestcolumnist](#) Is this a prank? You're like the twelfth person today to write me for life advice. Oh, and I do have three sisters, but none of them are named Ann--sorry for the confusion. [#okgo](#) [#soilforall](#)

[@behindvioleteyes](#) I must respectfully decline endorsing both your fragrance line (or is it a jewelry line?) and your "bulk bridal boutique"--one marriage is enough, let alone eight. By the way, Egypt hasn't had a queen in ages...sorry to disappoint you.

[@theardentarbuckle](#) Not to be rude, but can you please stop tagging me every time you go to Olive Garden? I get it, you love that kind of cuisine. Oh, and I'm sorry, but even I don't have the power to completely excise a weekday from the calendar.

[@whatsinaname](#) OK, three things. 1: Landmarks don't have social media--try the NPS instead. 2: OF COURSE I support using the indigenous name. 3: Fittingly, rearranging that name shows what you're in. Sheesh. [#staygolden](#) [#rememberthemaine](#)

[@goldenstatelasses](#) Why are you so obsessed with animal onomatopoeia? And I don't really think applying moral value to seismic activity is wise. I'm intrigued by this "surfing" concept, though--tell me more! [#keepout](#) [#princetonpride](#)

[@jkkjk](#) Look, I love the enthusiasm, but I've never been a CEO--and for God's sake, just say "openin'," no one knows what an "aperture" is! Although I admit that speech about the lemons was pretty good. [#biggerintexas](#) [#birdistheword](#)

[@strangersings](#) Uh, sure, we have plenty of hills in Texas, but I prefer bicycling (it's easier on the knees). And if I'm being honest I've never read ANY of Emily Bronte's novels. [#nclb](#)
