# THE KENNEDYS' COAT OF ARMS

---

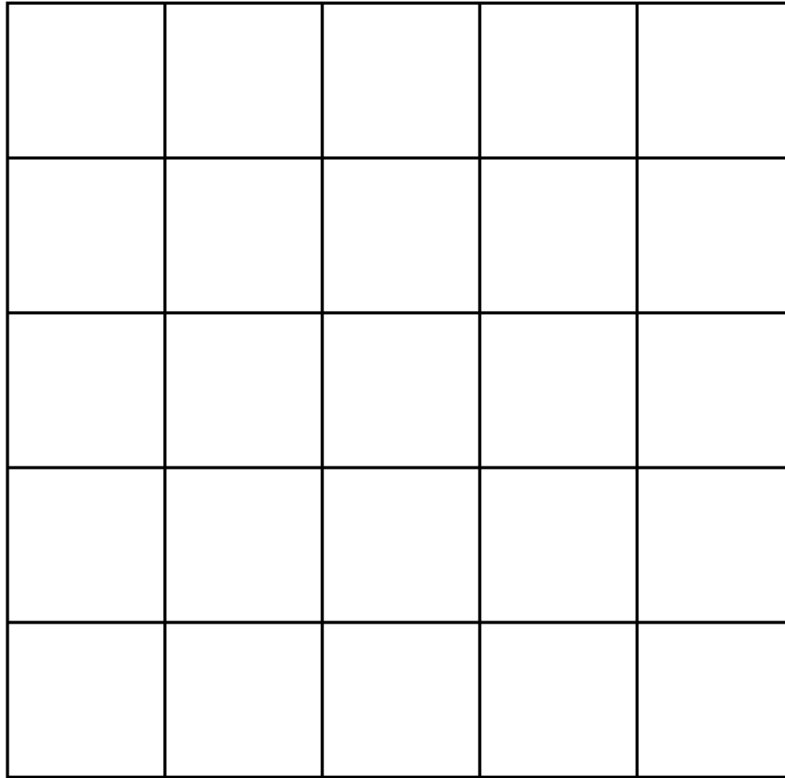

Much like the Kennedys, who have been around Massachusetts forever, our friend Fiat Bees Jr. always has a project in bloom. Right now he's hunting for his hive mates who are off pollinating the roses.

***This location puzzle requires information found near the World War II Memorial.***

*(While one of you solves the above puzzle, other members of the team should try to find the flowers Fiat's friends frequented using the clues on the next page!)*

### FIAT'S GREAT GREEN GARDEN GRID:

*You can help Fiat Bees Jr. with his buzzy day! He knows that his pollinating pals visited nearby flowers and took a little something from each. Track down those flowers and help Fiat Bees Jr. get his fill!*

Start at the center of the garden (Row 3, Column 3) and follow the path!
