
BRAD SCHAEFER'S INDIAN-HEAD PENNY–SOLUTION!

Each of the grids given in the four previous rounds is a word search full of entries from multiple categories. The only category that matters, though, is the one hinted by the meta answer from each round: Grid A, TAKE OUT TRASH, is synonyms of the word “trash”; Grid B, DISAPPEARING INCS, is companies and corporations; Grid C, SACRIFICE FLIES, is words and phrases that contain the word “fly”; and Grid D, COLOR BLIND, is colors. Justice League solvers are given the first letter of each entry, while Teen Titans solvers have enumerations. The full list can be found below.

Once the entries are found, solvers should note that their layout in the grid takes the form of both uppercase and lowercase letters; the “R,” “L,” “U,” and “D” on each grid indicates what orientation the letters should be read in to reveal them. Grid A contains the letters NHN; Grid B ETI; Grid C ART; and Grid D TIY. Read one letter per grid at a time, roughly going left to right and top to bottom (in hindsight, this could have been much clearer), to reveal that the villains’ hidden lair is **NEATH TRINITY**—that is, beneath Trinity Church! (Fun Fact: this answer is a leftover from a time when the puzzle would require solvers to “triangulate the position” by reading the letters created by triangles in the word search, but that plan ultimately fell through.) The completed grids can be found on the following pages!
